The San Diego University is required to be provided with the "Shedding of Coats" by the Metropolitan Area Rapid Transit (MART) Authority. The MART Authority, 1215 City Center, San Diego, CA 92101, advertises "10% discounts" on its fare for students, but does not require that students be enrolled for the current academic year. The University is required to provide a letter, dated within 15 days of the date of the fare, that states that the student is an active student for the current academic year. Other options mentioned in the specification may be accepted at the authority's discretion. The University may impose a levy on the MART Authority for every 100,000 miles of built-up area, for reduction of the environment of the building.
