We report the policies / discrepancies / observations / comments as follows:

01. The Firm have opted Registration under RERA on 10.05.2018 and Opened 3 bank accounts such as Collection account (Escro A/c) 100%, secondly 70% Bank account and 3rd one is 30% bank account. In case of 70% bank account all amount utilised for construction of work purpose and some amount also deposited by promotor in this account and utilised for construction account. So as informed to us all collection from customers and details of withdrawal are taken out of these account as per data provided by Promoter.
02. As informed & explained to us amount withdrawn from 70% bank account, opening balances as transferred from 100% Escrow Bank A/c & Own funds from Promoters of the Firm.
03. Promotor has deposited some cheques in 70% A/c instead of depositing in 30% A/c. Hence withdrawal from 70% A/c is showing Higher withdrawal, but it is not excess withdrawal of Customer receipts.
04. As informed & explained to us amount withdrawn from 70% bank account are within the limits as specified in the act & also there is excess deposit in such A/c due to own fund used by promoter for the said project.
