Notes to Annual Statement of Accounts in Form 5

1. As per circular no. 7/2017 dated 4th July 2017 issued by Maha RERA, a chartered accountant is required to certify the percentage completion of construction work to be mentioned in Clause 4 of Form of 3 only when 100 percent the work is completed. Further, it has been clarified that this information is not mandatorily required to be certified by a chartered accountant, as this information is detailed in Form 1 provided by the Architect.

Based on this analogy, we have not certified the percentage of completion of the project at Para 3(i) of this certificate.

2. Maha RERA vide its circular no. 7/2017 (referred supra) has clarified that there is no end-use restriction on the amount that is withdrawn from the separate bank account in accordance with the provisions of the Act, Rules, Regulations, or Circulars and has recommended that the amount withdrawn should preferably be utilized for completion of the project.

In light of the above, while all reasonable care has been taken to verify that the amounts collected from this project (including amounts withdrawn from separate bank accounts) have been utilized for procuring goods and services only for this project, however, this certificate should not be construed as a certification of actual utilization of these goods and services for the said project.

3. This report is based on the information, explanations, and representations given to us by the partners and directors.

4. The promoter is operating only one account wherein all the receipts from the customers are deposited. Further, the promoter has also deposited other amounts such as Capital contribution, unsecured loans, etc. in the same account. For the purpose of this certificate and reporting, we have considered seventy percent of the amounts received from the customers.
