Undertaking

This is to confirm that at the time of registration for **Hanging Garden Palava**, the management had decided to launch and sell **both Wing D and Wing E** together.

However, due to current market conditions and as per the updated sales and marketing strategy, it is not feasible to launch both Wing simultaneously. Therefore, we are proceeding with the launch of **only Wing D** at this stage.

Wing E will be launched separately at a later date, with a distinct RERA registration.

As of now, **only Wing D (RERA No. P51700077356)** shall be considered under the **Hanging Garden Palava** project with no allotees in both Wing D and Wing E.
