Dear Sir,

We have filed application for Maharera registration baring no. REA50100065361 for building & we have uploaded sanction map & commencement certificate in their respective field. The query raised by you is to attach copy of layout Approval (in case of layout) & SRO certificate. We have already uploaded SRO certificate in the document list under OTHER. We are obtaining registration for building and not for layout. Hence the question of copy of layout approval does not arise. We are uploading copy of layout approval order dated 30/10/1972.

Kindly do the needful.

Yours Faithfully,

KISHOR M AGRAWAL
