To,
The MahaRera,
Mumbai

Sub : - Inventory Mismatch in Portal from actual.

Respected Sir/Mam,

I Vedant Agrawal partner of Vedanta Buildcon and Promoter of proposed project i.e. Vedanta Heights is accepting that we have skipped one inventory as per the actual inventories. We are ready to correct our inventory details, But as per the technicality of MAHARERA Website **Building Detail** tab is not available for editing. So, we are requesting you to allow us to edit the **Add Building** Tab or else we will correct the Inventory details when we will get the MAHARERA Number.

I humbly request you to kindly consider our request and approve our project as soon as possible so we can start our project construction.

Vedanta Buildcon
