Quality Assurance Certificate

(Certificate No.1 for the year ending) 31/03/2021

Subject:-Certificate for quality of materials used and quality of Construction and workmanship for the work of (Lay Out & Other Construction Work), **"REWATKAR COLONY SANTAJI NAGAR" [RERA Registration Number P50400023698] situated on the. Survey No.80/2 and 80/3, Mouza Shahalangadi Tah Hinganghat Dist Wardha-442301 being developed by M/s. Dharmraj Domaji Rewatkar**

Sir,

I, **Pramod Sawarkar** have undertaken an assignment of this real estate project.

1] Our Responsibility:-

To carry out the work in accordance with the development permission and as per the approved plan and submit certificate of supervision of work and to carry out material testing in-situ or in the authorized laboratory and to ensure quality of work and workmanship as per prescribed specification, and as per NBC and or other relevant code of practice.

1.MATERIAL TESTING:-

I, have applied following mandatory checks on the basic materials used in the constructions.

i. **Cement-**
It has been tested for its fitness, soundness, setting time, compressive Strength etc. as per IS Code 3535:1986 or as other relevant IS/B5/NBE code or as per industry standards and its result are within the permissible limits.

ii. **Coarse aggregate –**
It has been tested, for deleterious materials, clay lumps, crushing value, impact value as per IS 2430:1986 or as per other relevant

IS/Be/NBC code or as per industry standards and its result are within the permissible limits.

iii. **Bricks/Blocks-**
They have been tested for water absorption, crushing strength etc. as per IS S454:1978 or as per other relevant IS/BS/NBC code or as per industry standards and its result are within the permissible limits.

iv. **Concrete/Ready-mix Concrete-**
It has been tested for compressive strength for various periods as per IS 4S6:2000 and IS 1199 or as per other relevant IS/BS/NBC codes, as per industry standards and its result are within the permissible limits.

v. **Steel for concrete-**
It has been tested as per IS 2062:2011 as per other relevant IS/BS/NBC code or as per industry standards for tensile strength, elongation and gague length etc., and its result are within the permis - sible limits.

vi. **Testing of other Materials-**
Other materials like sand, crushed sand, moor tiles, fixtures and fitting, pipes and sanitary fittings etc.(List our all items) used in this project conform to relevant IS/BS/NBC code or as per standards laid down by the Industry for a particular material.

2) Workmanship-

I/We hereby certify that work as been carried out under our supervision we further certify that workmanship and quality is statisfactory and up to the mark and the work has been acceptable within the permissible limits of deviations as per relevant code of practice.

1.Electrical Materials and workmanship-

Works of all the electrical wiring/connections/lift installation/other electrical installations have been carried out under authorized/registered electrical engineer and its records has been maintained. The materials used conform to the relevant IS/BS/NBC codes as per industry standards.

3) Structural Engineer:

Promoters has engaged structural engineer M/s. AAJ Engineers & Consultants Pvt.Ltd. The structural design of buildings in this project has been done under their supervision. The has checked the soil report before laying PCC for foundation in consultation with soil consultant. The form work and concrete mix design has been done as per IS 10262:2009 or as per other relevant codes as applicable. Their periodic checks and certificates of STABILITY and SAFETY have been kept on record.

4) Preservation of records:-

Record of all test results of this project have been properly kept in the prescribed formats and will be preserved at least up to the defect liability period or for the period as required by any other provision of law.

5) Please specify materials or any other item of work which were not conforming to the standards specifications and which were not rejected.

Your's Faithfully
