TO WHOM SO EVER IT MAY CONCERN

This is regards to the registration of our project in the name of **ARANDSDEVELOPERS** with the **Application No. REA50500085111.**

We have received a query regarding:

1. **Sanction Map by Town Planning, stating that the signature, stamp of approval of Town Planning Authority is not available**

   Answer: In our region, Nagpur, Maharashtra; the local Town Planning Authority is named and called as "**Nagpur Metropolitan Region Development Authority".**

   As per the rules of the **Nagpur Metropolitan Region Development Authority,** the final sanction map is approved by the Executive Engineer and the Assistance Engineer of the **Nagpur Metropolitan Region Development Authority.** Both the authorities' signature and stamp are very much available on the copy of the layout map uploaded on the website. We don't have any other copy of the final sanction map available with us and cannot be made available from the respective authority.

We hereby request you to kindly approve the application form, as unless we get the RERA number, we are not able to take the bookings of the customers.

Thank You
